

HubShots

The Unofficial HubSpot Down Under Podcast

With Ian Jacob & Craig Bailey

Your weekly shots of HubSpot strategy & best practice.

HubShots is an Aussie-made podcast for HubSpot users who want practical, real-world advice – not sales fluff. Since 2015, we've shared what's actually working with marketing, sales and service teams who use HubSpot every day.

Every episode covers

- Q Industry Trends**
What leading marketers and sales pros are doing now.
- Q HubSpot Tips & Tricks**
New features and how to use the platform properly.
- Q Growth Tactics**
Real-world wins (and mistakes) from the trenches.

Thanks for creating this podcast, it's awesome.
I listen to it, and I enjoy it.
